

# Are you looking for a new home?

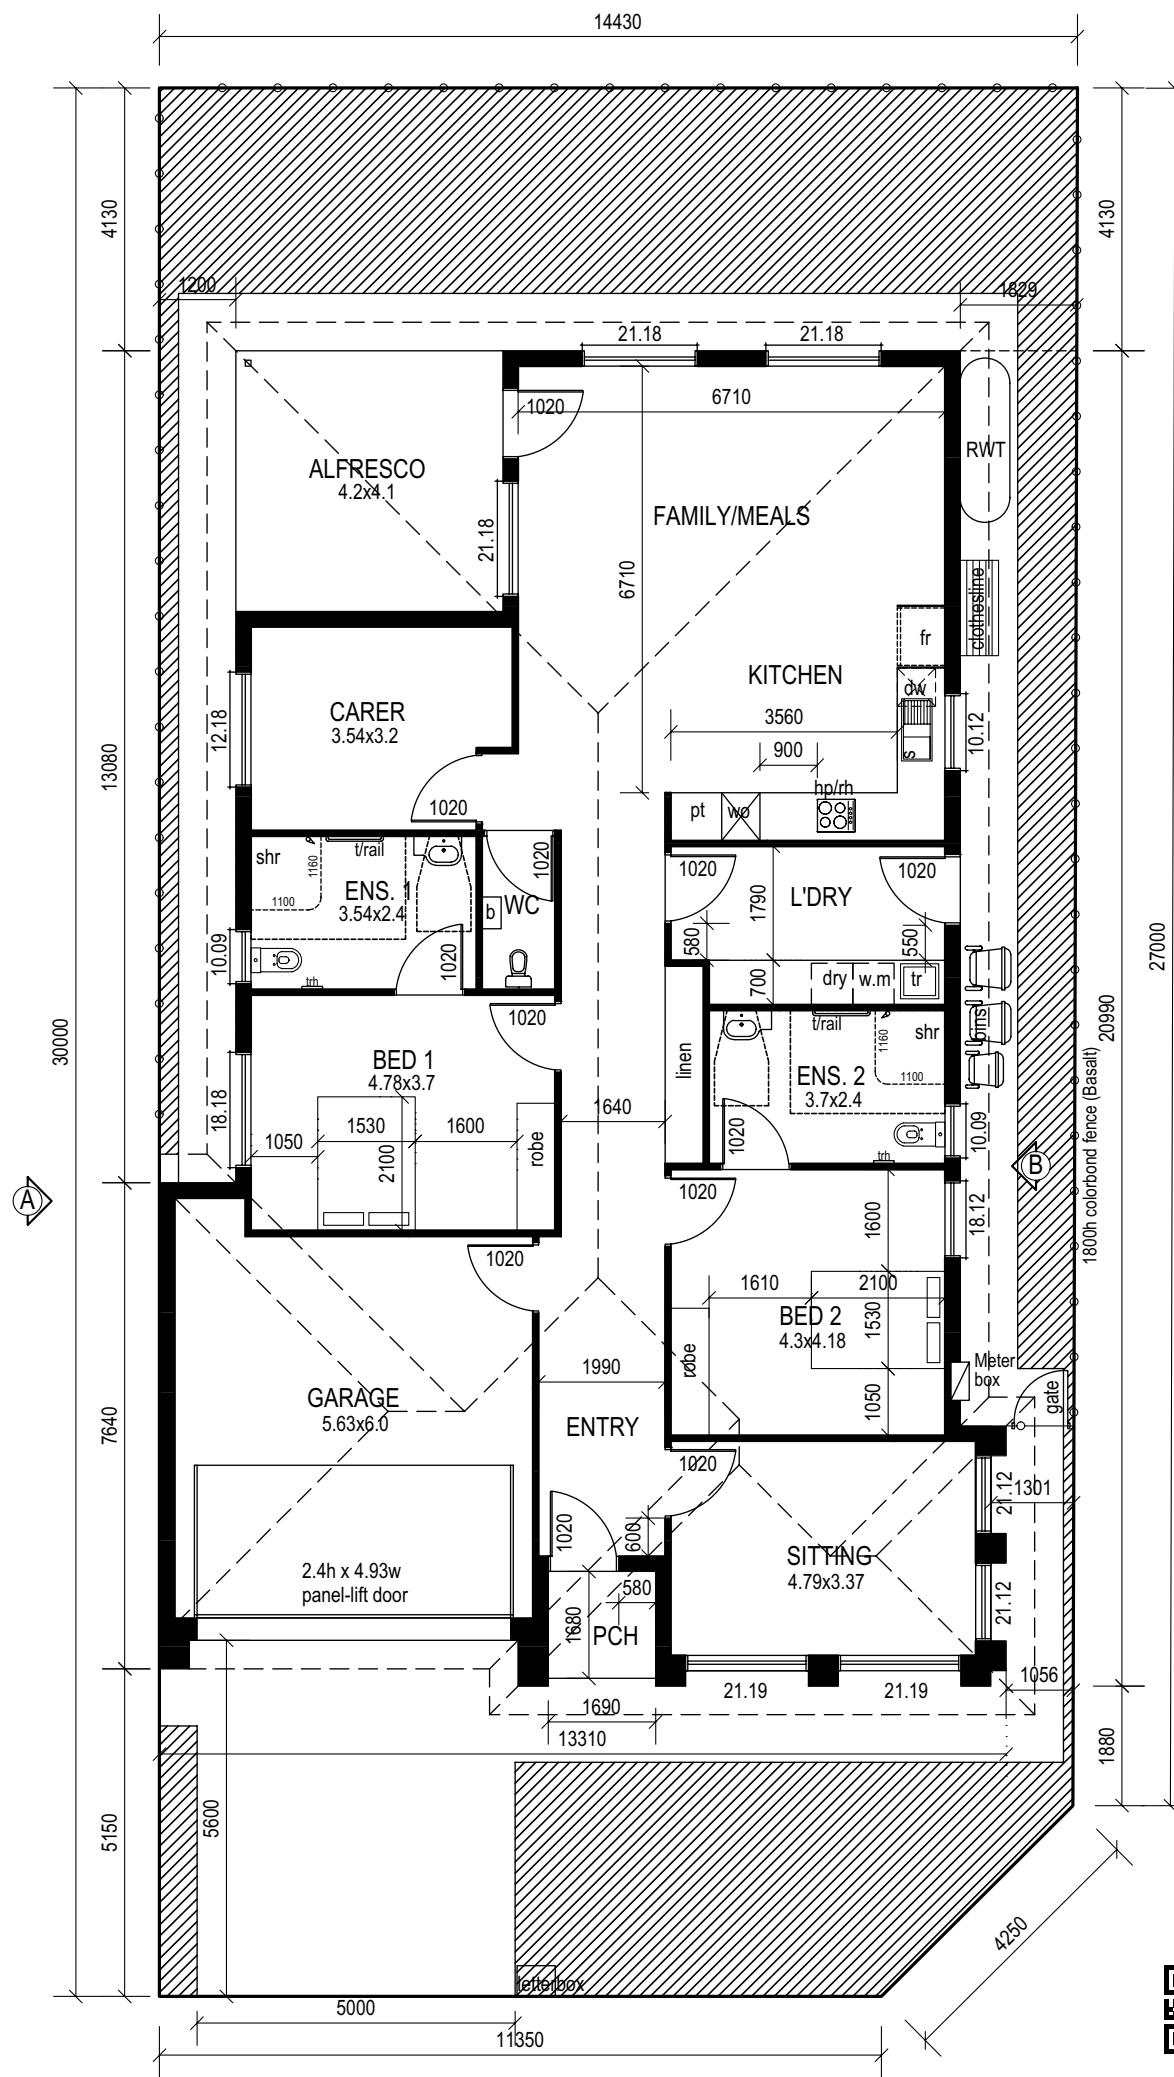

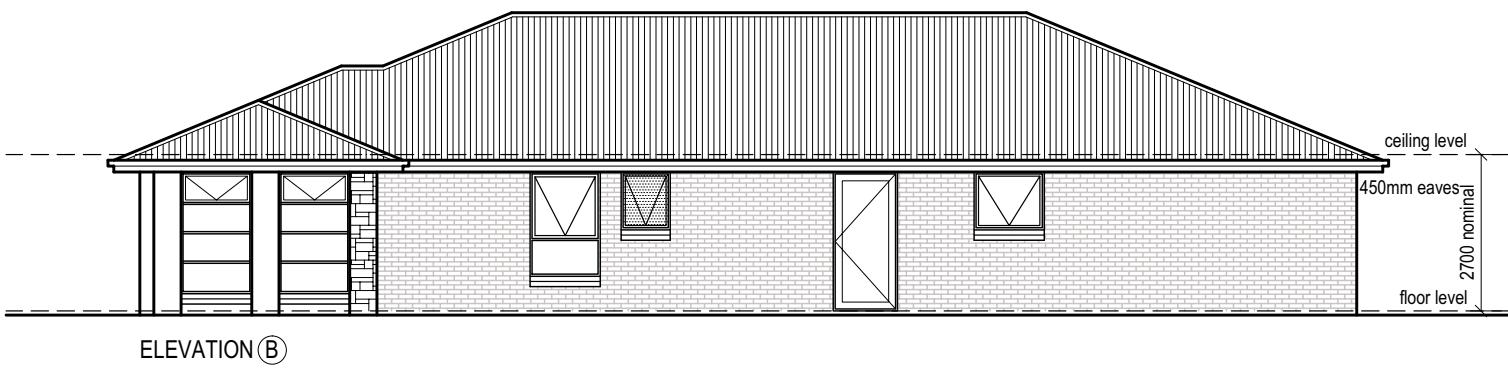

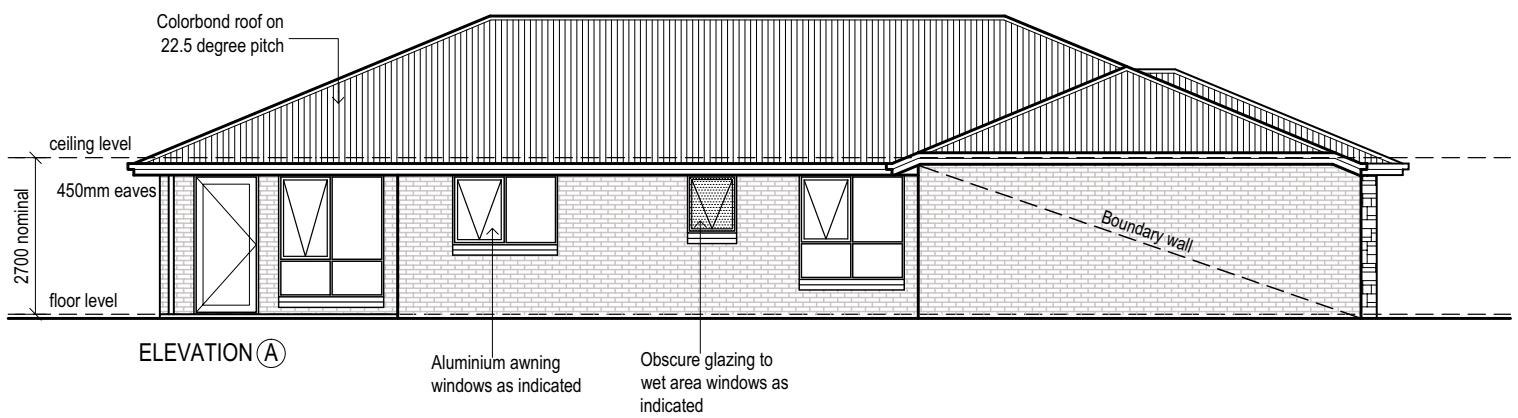

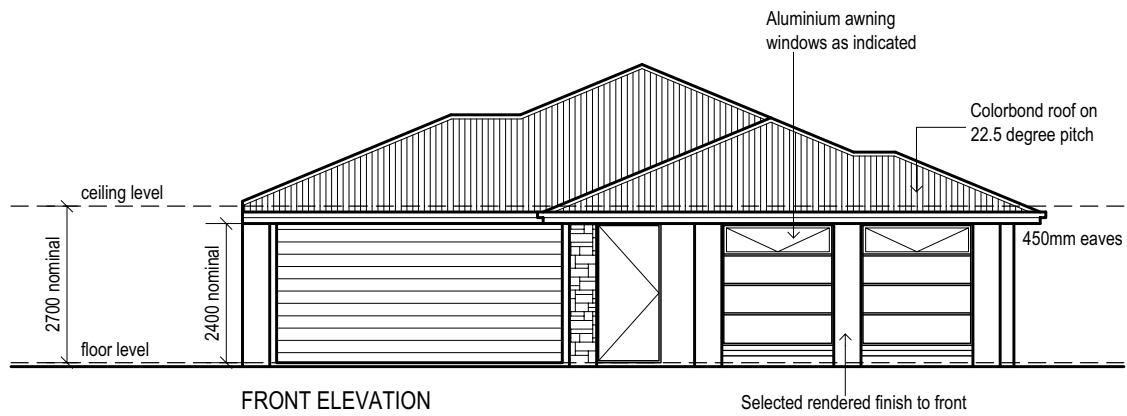

**Community Living Options** is working with our housing partner, **Access 2 Place Housing**! Together, we're bringing a new SDA High Physical Support home to life in beautiful West Lakes.

West Lakes offers a vibrant lifestyle supported by excellent infrastructure, combining scenic waterfront living with easy access to shopping, dining, public transport, and recreational facilities – making it a highly desirable location.

Together, we're building more than just homes – we're building opportunities and a stronger community.

#### **ARE YOU LOOKING FOR A NEW HOME IN WEST LAKES?**

- Do you have SDA or High Physical Support in your funding package?
- Would you like to be part of the co-design of your new home?

If you answer 'yes' to these questions, don't hesitate to get in touch with Community Living Options.

CLO is working with our housing partner, Access 2 Place Housing! Together, we're bringing a new SDA High Physical Support home to life in beautiful West Lakes.

This detached 2-person shared home will be thoughtfully designed to meet your needs, featuring:

- Separate bathrooms for each tenant
- An Onsite Overnight Assistance (OOA)

We're thrilled that CLO, as the SIL provider, is assisting with the building design, specifications, and selections for the home. The expected completion timeframe will be 16-18 months we can't wait to see this vision come to life!

If you're someone who could see yourself living in this fantastic new home, we'd love to hear from you! You will have the opportunity to be part of the design phase and help us create a space that truly feels like home.

Community Living Options (CLO) was founded in 1982 in Victor Harbor by a passionate group of local parents who wanted their children to have access to quality respite and accommodation – and most importantly, the chance to thrive in their own community.

Fast forward to today, CLO has grown into a leading NDIS provider with over 800 dedicated staff supporting participants across Metro Adelaide, the Fleurieu Peninsula, Adelaide Hills, Kangaroo Island and Tasmania. This incredible growth is a testament to the trust our participants place in us and the quality of care we deliver.

We're also very proud to have achieved NDIS reaccreditation meeting 26 elements of best practice with zero nonconformities – a truly outstanding result that reflects our unwavering commitment to excellence.

As CLO continues to grow, we remain focused on progress, resilience, and creating a future where the NDIS empowers participants and keeps them safe.
