Meaningful Quality of Life
Through

Positive Behaviour Support

Where do you like
spending time? Why?

IMPROVE YOUR WELLBEING WITH BEHAVIOURAL INTERVENTION

Our PBS practitioners can help you and those around you to build on your independent living skills, manage 'behaviours of concern', and give you a great quality of life

CLO's Positive Behaviour Support Services

If you are an NDIS participant and you want to find out how PBS could improve your life, get in touch! We provide:

- Positive behavioural support planning, development and monitoring
- Assessments and intervention:
 - 1:1 capacity/skills building and therapeutic intervention
 - Functional capacity/behavioural/risk and mental health assessments
 - Environmental analyses/recommendations/observations
- Staff development - PBS practice and implementation training for your support staff
- Advice on the reduction and elimination of restrictive practices
- Engagement with complex diagnoses, behaviours, environments and forensic settings under a human rights framework.

About Community Living Options

Since 1982, CLO has provided excellence in disability care to support dreams, choices and individuality. Our organisation is a registered not-for-profit committed to integrity and quality services to NDIS participants.

CLO believes all people have the right to be valued, respected, and have control over their lives. We pride ourselves on our person-centred approach, empowering participants to experience great opportunities and a great life.

Our Positive Behaviour Support Team

CLO Positive Behaviour Support practitioners are all NDIS registered and, tertiary-qualified in relevant fields. Our team is highly experienced in disability, complex behaviours, psychosocial and neurological conditions, forensic/licensed participants, and providing support to adults and children.

We deliver excellence in PBS Support

Collaborative approaches

Evidence-focused behaviour intervention

Dignity and respect in a person-centred approach that works

Leaders in complex disabilities and psychosocial conditions

Risk assessment and analysis

Plans designed to provide an empowered and independent lifestyle
